NORTH VALLEY TECH CENTER is ideally suited for tenants in need of large flexible floorplates, fiber optics, generous parking, 15' to 20' ceiling heights, over 100 pounds per square foot floor loads, excellent access to public transportation, close proximity to a strong labor force, and strong ownership. Telecommunications, technical/trade school facilities and back office users are among the industry groups choosing North Valley Tech Center because of these and other qualities unique to the Denver Metro area.
